City/State/Zip: Brooklyn, New York 11235

Company Complaining About: Spam? Name Unav

Description

RE: spam caller number 929-201-3700

The caller said they wanted to talk to me about a discrepancy in my ConEd charges. The caller never said they were from ConEd, or what company they actually represent or their supposed position within whatever (suspicious) company. I highly suspect it was an electric utility scam.

Shortly after, I called the number on my ConEd bill and the representative told me that ConEd would never call or leave a message about my account. Instead, he said, ConEd would put in writing and mail me any correspondence concerning my account. He too considered my experience to be from a spam caller wanting to nefariously switch my utility service and said he did not recognize the 929-201-3700 as being affiliated with ConEd.

Please investigate! I have for a long time now been on the Do Not Call Registry, thought I suspect spammers ignore it. Again please shut down this illegal operation.

Description

Call Date and Time: 05/01/2019 03:19 PM

Call Type: Inbound

Caller ID: CHASE CARD SVCS

Calling Number: (800) 945-2000

Call Location: Toll Free

THIS CALL VIOLATED THE "DO NOT CALL" RULES FOR OUR PERSONAL/RESIDENTIAL PHONE NUMBER. I pressed "1" to speak with a representative and the rep indicated he was from VISA CARD SERVICES. The rep had a strong Indian accent and there was what seemed to be a lot of "call center" noise in the background. The company name he said he worked for didn't match the Caller ID and I don't have a credit card from Chase bank, so I told him that I knew the call was a SCAM, that the call was spoofing another company's number and to NOT CALL AGAIN. The rep immediately became upset and wanted to argue with me, so I hung up. PLEASE BLOCK THIS SLEAZY CALLING TEAM.

Noticed 4 missed calls yesterday from 850-316-8212 (Pensacola, FL) starting at 4:09PM EST each with a voicemail left, warning me to call back in regards to a network security breach. I called back asking to be removed from their calling list and the lady hung up on me mid-sentence. I called back and was able to completely tell her to remove me from her calling list which she agreed to do. Lo and behold get a 5th call from them at 6:38PM that leaves another voicemail, same message as above. I blocked the number but again get ANOTHER 4 calls from them today (5/1/2019) in my log of blocked calls received (no voicemail as they're blocked). These are people claiming to be Microsoft tech support agents that need to remotely access my PC. These calls are getting out of hand and I get several each month but never to this degree where I get 4 calls per day, this is absolute harassment.
